SOURCE	Common Core of Data SY 2015-2016 4-year ACGR https://nces.ed.gov/ccd/tables/ACGR_RE_and_characteristics_2015-16.asp		Gap between all students and students with disabilities, e.g., the 4-year ACGR for SWDs is 19 percentage points lower than all students.
NOTE: There are some differences in how states implemented the requirements for the ACGR, leading to the potential for differences across states in how the rates are calculated. This is particularly applicable to the population of children with disabilities.
