Technical notes

Proficiency Gap – This is the calculation of the percentage of CWDs scoring proficient on statewide assessments compared to the All Student group scoring proficient in SY 12-13 by grades (4 and 8)/subjects (math and reading) stipulated. The calculation is the percentage of CWDs scoring proficient in the grades/subjects stipulated in SY 12-13 subtracted from the percentage of All Students scoring proficient during the same time. (Data source: EDFacts SY 2012-13; data extracted 4/16/14)

Scoring: top third (smallest gap) = 2; middle third = 1; bottom third - 0

Data surpressed due to quality concerns

Technical notes

Proficiency Gap – This is the calculation of the percentage of CWDs scoring proficient on statewide assessments compared to the All Student group scoring proficient in SY 12-13 by grades (4 and 8)/subjects (math and reading) stipulated. The calculation is the percentage of CWDs scoring proficient in the grades/subjects stipulated in SY 12-13 subtracted from the percentage of All Students scoring proficient during the same time. (Data source: EDFacts SY 2012-13; data extracted 4/16/14)

Scoring: top third (smallest gap) = 2; middle third = 1; bottom third - 0
